## Buy Season Tickets Now for the Irma Chautauqua

### Irma Chautauqua May 27, 28, 29th

The Chautauqua comes to Irma on the above dates and both from an educational and entertainment point of view it is the duty and to the interest of every resident of the community to give it their support. The program which will be presented is as follows:

#### DAILY PROGRAM

Season Tickets, Adults \$2.00  
Children \$1.00

Daily Program:  
Afternoon at 3, Evening at 8

#### FIRST DAY

Afternoon—	Opening Exercises and Announcements	
	Musical Concert	De Willo Concert Trio
Evening—	Prelude admission 75c	
	Lecture "Assyrian Life and Customs"	Miss Sumayeh Attiyeh

Admission \$1.00

#### SECOND DAY

Afternoon—	Entertainment Lecture	LeBaron Duo "Looking Through Life's Telescope"
		Wm. G. Lavelle admission 75c

Evening—	Prelude Lecture	LeBaron Duo "The New Canadianism"
		admission \$1.00 Prof. W. F. Osborne

#### THIRD DAY

Afternoon—	Entertainment Lecture	Hampton Court Singers "The Home Town"
		Dr. E. J. Powell admission 75c

Evening— Grand Closing Concert and Entertainment by the admission \$1.00 Hampton Court Singers

Note—Provincial Tax Extra. Afternoon of the opening day Season Tickets for adults to \$2.50. Buy your tickets from the committee early.

Season tickets entitling the holder to admittance to all six performances cost \$2.00 adults and \$1.00 children. The cost of admittance if paid at the door is \$5.25 so that it will be seen it is a distinct saving to purchase a season ticket. These are for sale in practically all of the business places in Irma and are sold also by a representative in each district. The Committee composed of the guarantors on the contract, responsible for bringing the chautauqua here, look to the residents of the district to assist them in eliminating their liability and this can only be done by purchasing season tickets before May 27th.

Every parent in the district should make it his or her duty to see that the children take advantage of this unique educational opportunity.

Three days previous to the opening of the regular chautauqua there is a special children's instructional program, under the direction of a lady superintendent from the chautauqua company.

#### VICTORIA DAY MONDAY, MAY 24

#### Juniors Will Have Part in Chautauqua

The cream stations at Irma and all other places of business will be closed.

#### Sporting News.

The Irma Athletie Association is away for a good start. President Ross McFarland and Secretary F. A. Keller went out one day and in about thirty minutes raised some \$200.00 from the people of Irma to support the Association. Manager McKinnon of the football team has his boys out about three times each week for practice and it is whispered that some grandstand plays and good team work is being pulled off each practice and as soon as some regular games are arranged we can look for the football boys to make a good showing.

On account of the late spring the baseball team have not been able to get together yet but manager Wyatt has arranged for a practice game on May 29th, the last day of the chautauqua at the ball grounds and one and all of the boys interested in baseball are requested to be there between the hours of 5 and 8 for a workout and to help to get lined up for a good baseball team for Irma for 1920.

Don't forget Irma's Junior Chautauqua.

#### Poultry Experts Coming to Irma

Word has come from the Dominion department of agriculture, poultry branch, that an expert poultryman would be available for each district where six or more applications for culling have been made. These men go from farm to farm and not only cull the flocks of hens marking the poor ones, but they will discuss any and all matters pertaining to housing, feeding, breeding, etc. There is no expense whatever in connection with this work. The local marketing committee consists of Messrs. W. L. Mildon, P. E. Jones, Q. G. Hockin and W. C. Brooks.

Shall I see you at Irma's Junior Chautauqua?

HAMPTON COURT SINGERS, at Chautauqua

#### Sunday Services.

Special Empire Day services will be held on Sunday, May 23rd as follows:	Wm. Durand Passes Away.
11 a.m. Preaching Service at Strawberry Plains.	Word arrived in Irma last Saturday of the death of Mr. Wm. Durand at his family residence at Strathcona. Mr. Durand arrived in the Edmonton district with his family in 1891 from Wicks north of Scotland. He homesteaded with his sons north of Irma and made many friends while in the district. Mr. Durand was in his 75th year and leaves his wife, three sons and one daughter to mourn his loss. Funeral was held last Sunday at Mount Pleasant cemetery, Edmonton.
1:30 Preaching at Sunny Brae	
3:30 " at Alma Mater	
7:30 " at Irma

#### A Place to Picnic.

When looking around for a place to have a picnic on the 24th, why not try your own summer resort at Mildon's Beach, Delusive Lake, Sec. 15-44-9. Two miles of boating, good bathing, and a place that is safe for the children to wade. Take a basket of lunch and try it once, you don't know what you are missing.

Keep the 24th open for Irma's Field Day.

#### In Men's Wear

You will want some some light weight Underwear and Jerseys for the boy with warm weather close at hand.

Boys' Balbriggan Combinations, knee length and short sleeves

small sizes 95c  
large sizes \$1.15

Seedless Raisins, the best	5 lbs for 1.35

Buy at your own store where you get the same price as your neighbor and keep your money at home

### IRMA CO-OP CO.

Buy you tickets for the Chautauqua from us. Make this store your headquarters when in town for the shows

## On Our Western Farms

Announcement by the Canadian Wheat Board that the wheat participation certificates issued by it to the farmers will, it is estimated, be worth not less than forty cents a bushel, came as a welcome surprise to the wheat growers of the country. People who have followed the operations of the Board were confident that these certificates would prove of real and substantial value, but they hardly expected a forty-cent per bushel value. This sum, added to the initial payment on the basis of \$2.15 for No. 1 Northern at Fort William, brings the Canadian fixed price well above the guaranteed minimum price in the U.S., and it is believed by many that in the final outturn the average price received by Canadian farmers will be equal to the average received by the United States farmers.

The "announcement" means that when final settlement is made with the farmers for their 1919 wheat crop a distribution of something like \$75,000,000 will take place. The three prairie provinces will, of course, receive the bulk of this large sum. It will mean much to our farmers, will give an added impetus to production throughout the West, and provides a strong argument for a continuance of the policy of national marketing of wheat, at least so long as the European importers continue to buy and sell.

Many men and women become dependent on their husbands, and if they could be strong and healthy, if they would only pay some attention to the first sign of heart weakness.

No remedy does so much to make the heart regain strength and vitality, and to restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes:—"I have used, towards the end of my life, Milburn's Heart and Nerve Pills and find them very good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times that I had to sleep sitting up in bed. When walking too far I would have to stop and try to catch my breath. I feel a lot better since I have used these pills and know that I have helped my wife greatly as I have improved very much."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Automobile Industry  
For Alberta

New Car to be Manufactured by An Edmonton Concern

Alberta will shortly add another industry to the large number already under way, when an Edmonton-made automobile will be put on the market.

The machine is being constructed by the Western Foundry, Ltd., and will be one of the most up-to-date cars in every respect. The engine is said to be one of the finest on the market, and is in use in a great number of first class motors on the continent.

It is the intention of the western foundry to have the plant equipped for turning out a large number of these new cars, and that some tests being carried out showing that it is possible to produce an excellent machine in Edmonton and place it on the market with every hope of successful competition with the cars manufactured in large eastern centres.

## The Negative Method

"I wonder how Mabel preserves her complexion so well."

"By never attempting to preserve it."—Boston Transcript.

Kinross, Ont., Jan. 22, 1920  
The Minard's Liniment Co., Ltd.,  
Yarmouth, N.S.

Dear Sirs.—Just a few lines in favor of your Liniment. I would not be without MINARD'S LINIMENT for anything; as it is a reliable product. I go hunting I always take a bottle in my pocket. It is the best for cold in the Head I ever used, and for Cold in the Chest, and every other part of a person, and for Sore Throat it has a wonderful effect. It is a good liniment for the hair as I always use it. I have also taken bismuth off horses with MINARD'S LINIMENT and I would use no other for any reason. For Man or Beast, as I think it is fair the best.

I remain,  
Yours truly,  
DANIEL MAC LAREN

## Two Sure Crops

There were 2,348 millionaires in the United States when the war began, and nearly 7,000 when it ended—a fact which causes the Saskatoon Star to reflect that war produces two sure crops, one misery, the other millionaire.—Toronto Globe.

Rests, Refreshes, Soothes,

Eye Book. Merck Company, Chicago, U. S. A.

able decrease in acreage are correct. The late season has presented much spring plowing, which will result in a decreased wheat acreage, but reports indicate that the seed is going into the ground well supplied with moisture and under satisfactory conditions, which only requires suitable weather to yield a bountiful crop. At the same time a large decrease in the wheat crop of the United States is anticipated this year, there having been a heavy falling off in the winter wheat crop.

One result in the West will undoubtedly be a substantial increase in the acreage sown to oats and other coarse grains. This will have a beneficial effect, as the past few years have revealed a lamentable shortage of feed grains which has had an adverse effect owing to the rapid manner in which these western provinces are coming to the front in the production of live stock of all classes.

Minard's Liniment Lumberman's Friend.

## He Has it Coming

"Should uglier husbands have heavier damages?" was a question raised in a recent divorce action. The better opinion is that the fact that the ugly man must have gone out of his way to get married should tell against him.—London Punch.

Faint and Dizzy Spells,  
Weakness and  
Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, the irregular heart beat, smooth sensations, weak sating, all gone feeling, choking sensation, etc.

Many men and women become dependent on their husbands, and if they could be strong and healthy, if they would only pay some attention to the first sign of heart weakness.

No remedy does so much to make the heart regain strength and vitality, and to restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes:—"I have used, towards the end of my life, Milburn's Heart and Nerve Pills and find them very good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times that I had to sleep sitting up in bed. When walking too far I would have to stop and try to catch my breath. I feel a lot better since I have used these pills and know that I have helped my wife greatly as I have improved very much."

## New Wheat Order

No Mixed Grain Containing Wheat  
Will Be Grained From Three  
Prairie Provinces

The Canadian Wheat Board has issued the following orders with effect May 8: "The price of wheat grown in the provinces of Manitoba, Saskatchewan and Alberta, sold locally from country elevators, in the said provinces for use as feed or seed, shall be \$3.15 per bushel, basis No. 1 Northern in store public terminal elevators at Fort William and Port Arthur, and licenses of the board, selling such wheat shall pay to the board the sum of \$1 per bushel for each bushel of wheat sold.

"No mixed grains containing wheat, grown in the provinces of Manitoba, Saskatchewan, Alberta and British Columbia, shall be exported out of the city at all events.

"No mixed grains containing wheat shall be imported into Canada without a license of permit of the board.

"Each mill licensee who grists wheat for farmers or other owners thereof and returns to such owners the whole of the actual product of such wheat, shall not be required to issue participation certificates or to remit to the board the \$1 on such wheat, provided, however, that each mill licensee must furnish a weekly statement showing "farmer's" name or other owner of wheat gristed, and the quantities of wheat gristed; and quantity of flour, pifal or other product removed to the owner of the wheat gristed."

He had Met Him

The premier of South Africa, Gen. Smuts, is a hard worker and thoroughly unaffected. Consequently, says Tit-Bits, he hates gush.

"Let me see," said a high and mighty young officer who sat next to him at a reception in London shortly after the Boer war, "haven't we—ah—met somewhere?"

"Yes," replied the General.

"Thought so," remarked the officer, adding with a bored air, "One meets so many people! Let me see, where did we meet?"

"In South Africa," retorted the general curtly. "You surrendered to me during the war."

## CHILDHOOD CONSTIPATION

Constipation is one of the most common ailments of childhood and the child suffering from it cannot thrive. To relieve the child the bowels must be kept regular and the stomach sweet. To do this nothing can equal Baby's Own Tablets. They are a mild but thorough laxative, are absolutely safe and never fail to relieve constipation and indigestion; colds and simple fever. Concerning them Mrs. Jules Ganguier, Nominique, Que., writes:—"My baby was terribly constipated and suffered day and night. I was advised to give him a laxative. The first time I gave him they helped him and now at the age of thirteen months he is a big, healthy, happy boy." The tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Train Leaving Edmonton Crowded  
To Capacity With Best  
Type

According to J. D. McArthur, president of the Edmonton, Dunvegan & British Railway, the Peace River and Grand Prairie country is on the eve of a forward movement. In the course of a short interview, Mr. McArthur said: "The railway is at its wits' end to accommodate new settlers for this country. Towns leaving Edmonton are crowded to capacity with the best type of settlers. Four and five hundred people are packed on the train and it is impossible with our present equipment to cope with the question even of feeding them. If this tide of immigration continues, something must be done at once to relieve the congestion." Regarding the train problems generally, Mr. McArthur said that they were never brighter. For over a year earnings had been operating charges.

show you "Diamond Dye" Color Card.

Canadian Boats Shipping Grain

An interesting statement was made in the house of commons recently by Sir George E. Foster, acting premier, regarding the total export of Canadian grain in Canadian ships as compared with the export in United States vessels.

The minister stated that 99.

55 percent of the wheat exported was

carried in Canadian bottoms as well

as 85.94 percent of export oats and

89.65 percent of barley.

Beautifying the Cities  
Of Saskatchewan

Many Saskatoon Residents Planting  
Trees and Shrubs This  
Spring

This season has already seen an unprecedented demand on the part of the citizens of Saskatoon, for shrubs and small trees for planting purposes, states the city gardener. Plans are under way in the city to cope with the greatly increased demand, and this year there will be more than 200,000 trees and shrubs planted at the city greenery.

Cuttings which are planted this year consist of poplar, honesuckle, lilac and willow, and judging from results on a small scale in the past, this will soon grow to a matter of primary interest in Saskatoon, where the love of beautiful homes has grown rapidly during the past year or two.

In addition to this the park board has purchased large quantities of elm trees and caragana, and these will be cultivated with special care, as well as distributed to the citizens who wish to purchase. They are being handled at the cost price, the aim of the board being to clear expenses and beautify the city at all events.

## MOTHER!

\*California Syrup of Figs\*  
Child's Best Laxative

Accept "California Syrup of Figs" only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

## Settlers for Peace River

Trains Leaving Edmonton Crowded  
To Capacity With Best  
Type

According to J. D. McArthur, president of the Edmonton, Dunvegan & British Railway, the Peace River and Grand Prairie country is on the eve of a forward movement. In the course of a short interview, Mr. McArthur said: "The railway is at its wits' end to accommodate new settlers for this country. Towns leaving Edmonton are crowded to capacity with the best type of settlers. Four and five hundred people are packed on the train and it is impossible with our present equipment to cope with the question even of feeding them. If this tide of immigration continues, something must be done at once to relieve the congestion." Regarding the train problems generally, Mr. McArthur said that they were never brighter. For over a year earnings had been operating charges.

# May Discuss Anglo-Japanese Alliance Question

London.—The question whether there is to be a continuance of the Anglo-Japanese alliance is being brought before the British public by the presence of W. A. Watt, treasurer of the Australian Commonwealth in England. Mr. Watt arrived in London this week and has given out a number of interviews in which he urged closer co-operation between Great Britain and her Dominions with regard to foreign policies, and emphasized Australia's determination to remain a "white man's country." At a dinner given in his honor which was attended by the Viscount Milner, secretary for the colonies, and numerous other men in public life, Mr. Watt in an address said:

"The dominant thought in our minds has been that in southwestern Asia live eight hundred million colored people, and the Australian people say that whatever can be done to keep our country for the British and their children should be done. We know that we could not repel an armed assault by the great yellow or the brown nations, but we believe that in the fulness of time the statesmen of the empire will understand our attitude and assist us to enforce it."

"If there are conversations in the near future between the empire of the Mikado and the British government, the Australian people want their views registered before the representative thinkers of the empire."

## Funeral of Princess

Princess Arthur of Connaught Was Present at Funeral of His Sister at Stockholm

Stockholm.—The Kings of Norway and Denmark, Prince Arthur of Connaught, the Earl of Onslow, representing the King of England, and the diplomatic corps of other countries attended the funeral services of the late princess Gustav Adolphine of Sweden.

Enormous crowds were massed along the flower-strewn route from the royal castle. The procession started shortly after 2 o'clock to the cathedral where the service was conducted by the Archbishop of Upsal, and a British chaplain.

**Serious Shortage of Farm Labor**

Winnipeg.—Only about 40 percent of Manitoba's wheat lands can be worked this season unless there is a marked increase in the number of the people willing to go to work on farms during the next few weeks, Manitoba farmers say.

According to T. J. Mather of the Dominion employment bureau, the situation left vacant during the last week is nearly three times the number of applicants placed.

**Carranza Said to be Surrounded**

El Paso, Texas.—President Carranza, of Mexico, is surrounded and in desperate straits at Rinconada, near Esperanza station, in the state of Puebla, according to a telegram from General Alvaro Obregon, received by Robert V. Peepka, financial agent for the revolutionists here.

**Tenants Buying New York Land**

New York.—Tenants have purchased more than \$75,000,000 worth of realty in New York in the last year under the co-operative ownership plan as a protest against high rentals, it has been learned.

## Police Inspector to Stand Trial

Judge Refused to Dismiss Charge For Failing to Suppress Undesirables

New York.—Judge Malone, in the court of general sessions, denied a motion to dismiss the charge against Police Inspector Dominic Henry, formerly commander of the "Dandy," charged with neglect of duty in New York's vice war by failing to suppress undesirables in his district. The lawyer for the defence declared that there was no regular immoral establishments in the district. The men and women who went there for immoral purposes could not be legally raided by the police.

"Why there were 10,000 offences being committed this very hour," he said.

## Premier Borden Returns

Has His Old Vigor and Declares He Is Now in Perfect Health

Ottawa.—Bronzed and apparently in excellent health, Sir Robert Borden has arrived in Ottawa.

Sir Robert showed no traces of the illness which had necessitated his five months' holiday. He had the old vigor and to all queries he smilingly replied that his health was of the best. His arrival was the occasion of a celebration by his supporters. Headed by Sir George Foster and members of the cabinet, they gathered on the platform to welcome him back to Ottawa. As Sir Robert and Lady Borden stepped off the car there was a round of cheering. On the platform with the Unionists was Dr. Clark, member for Red Deer, and prominent in the National Progressive party. It was Dr. Clark's birthday. Sir Robert and he laughing congratulated each other.

"You look younger than I do," Dr. Clark observed.

## Anonymous Gift to Britain For War Debt

London.—Chancellor of the Exchequer, Austen Chamberlain announced that he has received an anonymous gift of \$130,000 of the war loan for cancellation and as a contribution to the reduction of the national debt.

The donor, explains Mr. Chamberlain, says that he denied the privilege of fighting for his country and that he desires to encourage other persons to similar patriotic action.

## Bloodthirsty Bolsheviks

Eighteen Men and Seven Women Executed in Jitomir by Order of Commission

Warsaw.—Eighteen men and seven women were executed by order of a Bolshevik extraordinary commission in Jitomir just before the capture of that town in the Polish drive on Kiev, according to despatches from the front. The messages also give details of the alleged massacre.

## Municipality Rights

Ottawa.—Hon. Arthur Meighen has secured the first reading of a bill which seeks to give municipalities the same rights as hitherto enjoyed by the provinces in the matter of regulating employment offices.

# Frame New Plans Which May Restore Order in Ireland

London.—General Sir Neville Macready, military commander of Ireland has framed new plans by which he believes better order will be established in Ireland shortly. Mr. Bonar Law announced in the house of commons that the plans had been approved by the cabinet.

The government leader's statement followed questions regarding the sensational murder of two policemen at Cork, and whether General Macready had taken steps to co-ordinate with the police and the military forces.

Mr. Bonar Law said that the military commander had already taken most important steps, and at a cabinet

## Messenger Sent From London to New York

Boy Takes Long Journey to Deliver Message to N.Y. Music Publisher

New York.—A 12-year-old London messenger boy arrived on the Carmania today carrying several letters for members of the city administration here and also a letter from Sir Arthur Pearson to Frank A. Munsey. His chief business was to deliver a contract from a London music publisher who wished to beat a business rival who had mailed a contract to the United States.

On board the Carmania also, was a British mission headed by Sir Bert W. Abell, with Lady Abell and Sir Herbert Rowell. They are on their way to confer with the department of commerce in Washington, regarding "commercial transactions."

## Huge Deficit of C.N.R.

Report of Earnings and Expenses for Past Year Tabled in the House

Ottawa.—Gross earnings of the Canadian Northern railway for the year ended December 31, 1919, were \$53,562,177.57, according to the fifth annual report of the directors tabled in the house by Hon. J. D. Reid, minister of railways.

These were derived as follows: From passenger traffic, \$10,775,708.46; from freight traffic, \$39,175,555.00; express, mail and telegraph, \$1,538,902.18; miscellaneous, \$3,337,014.81.

In addition, there were interest and other subsidiary companies that contributed the balance.

Working expenses amounted to \$60,034,023.92, and hire of equipment, taxes, rentals and miscellaneous operations, \$1,020,553.61, making the total expense \$61,054,577.00. The deficit was \$5,700,647.70, and interest charges \$19,969,710.36, a total deficit of \$25,670,358.06.

The directors call attention to the fact that the report covers only the operation of Canadian Northern rail-way lines.

The total mileage operated at the end of the year was \$9,685.7, compared with \$9,566.5 at the end of 1918, being an increase of 119.2 miles. The average mileage in operation throughout the country was 9.68 miles.

## Mennonites Would Like to Stay

Reported to Haw Asked Manitoba Government for Tract of Land

Winnipeg, Man.—The Mennonite situation took a further new turn when it was learned that during the past few days, despite reports to the contrary, it has become evident that the Mennonites in Manitoba do not wish to leave the province, but would prefer to make a change in the location of their colony from the present well-settled district to some more remote portion.

They have asked the provincial government, it is stated, to go over the map of the province, and if a tract of country could be found where there were no settlers and where settlers would not go because of the rigorous climate, or the poor ness of the land, to allow them to take it over with the privileges of education and religion which are denied them in their present location in southern Manitoba.

The Mennonites, it is declared, possibly have in mind the large tract of open country bordering on the Hudson Bay. The provincial government, however, has not entertained for a moment any idea of such concessions.

## Distribute Seed Grain

Requirements of Settlers in Alberta Have Been Supplied

Edmonton, Alta.—The distribution of seed grain for settlers' spring requirements throughout Alberta has now been completed, and the department of agriculture is calling in its field men. The total supplies of seed given out this season have not yet been tabulated, but it is estimated by officials of the department that they will represent a money value of close to \$75,000, which is about twice the expenditure of last year and the largest of any one year since the government undertook this method of relief. All the grain thus supplied for seeding purposes has been Alberta grown.

## Loan Farmers Seed Wheat

Winnipeg.—The provincial government has loaned the farmers of Manitoba a total of \$264,000 so far this year for the purpose of seed wheat.

W. N. U. 1316

## Huns to Answer For War Crimes

Germans Charged With Acts of Inhumanity Are Named in New Ally List

Berlin.—Men accused of acts of inhumanity are named in the new list of Germans accused of violations of the law of war which has been presented to the government by allied nations.

Among them are four U-boat commanders said to have torpedoed hospital ships; General Stenger, who is alleged to have ordered that wounded prisoners be shot, and officers who carried out that command. Field-marshal Buelow, former commander of the second German army; General Von Below, General von Langemarck, Prince Ernst of Saxon, and General Kruska, commander at the Kaiser prison camp, are charged with spreading germs of typhus while General Von Osten, former governor of Metz; General Scholtz, camp commander at Poniatowicz; General Huff and Dr. Michaelson, are charged with killing, ill-treating and robbing prisoners. Demand is that they be brought before the supreme court at Leipzig.

## Toll of White Plague

42,920 Deaths From Consumption in Canada During Five Years

Ottawa.—Dr. D. C. Parfitt, Muskoka, and Col. W. A. Hart, tubercular specialist, were called by the special committee on pensions in regard to tuberculosis among soldiers.

Dr. Parfitt said there were 35,684 Canadian soldiers killed in action in five years, while the number of deaths from tuberculosis in five years was 32,920.

There were 8,508 tubercular cases in the Canadian Expeditionary Force during five and three-quarter years to April 30, 1920. The incidence ratio per thousand in five years was 501.

There had been an increase of incidence in the last two and a half years of 16 percent. The incidence ratio (crude) of tuberculosis per 11,000 enlisted men was 14.4 (fourteen decimal four).

The incidence ratio among the British expeditionary force was 6.14 per 1,000 (six decimal fourteen). Incidence in Canadian expeditionary force was 120 percent greater than in British expeditionary forces.

## Sheriff Gets Ex-Kaiser

Imperial Throne and Trappings to be sold by Auction in New York

New York.—The Imperial German throne is to be sold here at auction. The goods of the former kaiser and kaiser and former members of the German imperial family, seized from the Imperial palaces of Berlin and Munich, for unpaid bills, after the emperor abdicated and went to Holland, will be sold under the hammer here May 22, at one of the city's largest art galleries, it was announced.

Sixty-five pieces are in the Imperial collection, which was brought here two weeks ago by the purchaser and importer, Valdemar Pevelson. He declared he had considerable difficulty in getting an export permit from the German government which was against this, but he had promised to buy food with the net profits for resale in Germany.

Authenticity of the art objects is vouchcd for by one of Berlin's most reputable art firms.

Three complete salons with portières embossed with German eagles, wall hangings, rugs made to order in the Orient for the former kaiser, and antiques which have belonged to the Imperial German and Bavarian families for centuries, are said to be included in the collection. These sets of furniture were in the collection, the throne of red plush, embroidered with Prussia eagles, also are advertised for sale.

According to Mr. Pevelson, the ex-kaiser was not always prompt about paying his bills. Immediately upon his flight to Holland, patience was exhausted and creditors, seized household belongings in payment for the accounts.

## Travelled 98,000 Miles on Foot

Toronto—Joseph F. Milkusko, a native of Croatia, in Jugo-Slavia, who stated that he started out in 1901 to travel for twenty years, and claims that he has covered approximately 175,000, 98,000 of it on foot, has arrived in Toronto and has secured Premier E. Drury's autograph to add to a remarkable collection in his possession.

## British Oil Wells

London.—Eleven oil wells drilled in Great Britain have produced a hundred thousand gallons of oil.

## Police Barracks Destroyed In Raids In Ireland

### Appeal Bill is Withdrawn

Hartley Dewart Condems Bill, as the First Thing to Disrupt British Empire

Toronto.—Hon. W. E. Raney withdrew in the legislature his bill to abolish appeals to the privy council from Ontario.

He was asked by R. H. Hall, Party Sound, if he considered that a self-governed country when the highest court of appeal was England.

"I think you will soon see the government appointed on the nomination or recommendation of the privy council of Canada," he said.

H. H. Dewart condemned Mr. Raney's bill as the first thing to disrupt the British Empire.

Mr. Raney said the right of appeal from the Canadian criminal code had been taken away. Why not, then, the right to appeal in litigation?

Mr. Dewart said a former criminal lawyer had proven that criminal cases could be appealed to the privy council.

## New Cent Coinage

Circulation Will Not Begin Until the End of Month

Ottawa.—Authority has been given for the issue of the new Canadian cent on and after May 15. The coin will not, however, actually be in circulation till toward the end of the month.

The cent will be slightly larger than the Canadian 10-cent piece or three-quarters of an inch in dimension. It will bear the following design:

Obverse impression: His Majesty's crowned effigy, consisting of head and bust, wearing the royal robes and looking to the left, with the inscription: George V Del Gra: Rex et Ind: Imp.

Reverse impression: The words one cent supported by a maple leaf on either side, and bearing the word Canada above and date of issue below.

## New York Saloons Run Full Blast

New York.—Saloons in this city are running full blast with abundant liquor, of the very worst kind because of lax enforcement of the prohibition law, Judge Charles C. Nott declared in general sessions court in imposing sentence of seven to fourteen years on Frank Murray who pleaded guilty to first degree manslaughter.

## Chinaman Ordained Anglican Priest

Vancouver, B.C.—Rev. George Lemuel, said to be the first native Chinese to become a clergyman in Canada, was ordained a priest in the Anglican church here by Bishop De Piercy.

Montreal.—Lieut.-Gen. Sir Arthur Currie, who commanded the Canadian forces in Flanders, and who has been offered the post of principal of McGill University, has accepted the post.

Sir Arthur Currie is at present inspector-general of Canadian militia. The statement issued at McGill University is as follows:

The board of governors have appointed General Sir Arthur Currie, G.C.M.G., K.C.B., D.S.O., principal and vice-chancellor of McGill university.

In offering Sir Arthur Currie the principalship of McGill, the governors were influenced by the conviction that the university needs at the present time, above all other things, a principal with exceptional powers of organization and administration, and endowed with a tried capacity for inspiration and leadership. The sustained brilliancy of Sir Arthur Currie's record in the great war will always throw an added lustre upon the most glorious annals of our country.

His achievement as general commander of the Canadian army won him a reputation unsurpassed, if not unrivaled, by that of any general in the British forces.

"They were accomplished not alone by his skill as a soldier, but also by the patient, constructive and far-sighted qualities of a statesman with which he wedged the Canadian units into an organization, which, we are proud to believe, was the best and

Dublin.—Fifty police barracks were destroyed in the raids on Wednesday night, according to an official statement issued from Dublin Castle today. Twenty income tax offices were raided and the documents burned and seven court houses were also attacked.

The destruction of police barracks as shown by the Castle communication, was on almost as great an organized scale as similar attacks last Easter, when more than sixty barracks were attacked. Most of the barracks in the present case had been abandoned and no loss of life was entailed.

Several attacks occurred in the counties of Antrim, Cork, Leitrim and Westmeath, where one or two barracks were burned, including those at Cavan, Londonderry, Galway, Limerick, Meath, Donegal and Tyrone. The procedure in all cases was alike; where caretakers were in charge they were first removed, then inflammable mixtures or explosives were applied to the huts, the buildings partially or wholly destroyed.

In the revenue offices, if there were any occupants they were ordered out, bound with ropes, and then documents destroyed. Among the court houses attacked, were those at Cashel and Ballinamore. These were completely destroyed with all documents. Armed guards were posted while the raids were proceeding, but all private property was respected.

## Soviets Grant Concession

Bolshevik Authorities Have Agreed To Save Lives of All Anti-Soviet Soldiers

London.—Bolshevik authorities have agreed to spare the lives of soldiers separated from General Denikin's army in Southern Russia, and those of other anti-Soviet troops, who may in future take prisoner. A note to this effect was today received by British officials in answer to a message to the Russian officials. This is the most satisfactory note on this subject yet received from the Soviet government, and officials hope protection can soon be guaranteed to Denikin's men with trade agreements or other concessions to the Soviet government.

## Art Galleries Run Full Blast

New York.—Saloons in this city are running full blast with abundant liquor, of the very worst kind because of lax enforcement of the prohibition law, Judge Charles C. Nott declared in general sessions court in imposing sentence of seven to fourteen years on Frank Murray who pleaded guilty to first degree manslaughter.

## Sir Arthur Currie Appointed Principal Of McGill University

**VIKING**

Seeding has been in full swing in this district for some time under ideal conditions.

Motor clubs are being organized in all progressive towns in Alberta. Viking should fall in line.

H. C. Cooke has leveled off the hill on the back of his lots on Main street and is putting up a high board fence.

Wm. Davidson, formerly ledger-keeper in the Merchants bank here, was down from Tofield last Sunday visiting with friends.

The local school was closed last Thursday and Friday so that the teachers could attend the convention at Wainwright.

A matron from the Children's Home, Edmonton, was down last week to take back Mabel Sarasin who had recently left that institution without leave.

Nurse Anderson, of Wainwright, paid a professional visit to the Viking schools last week. She is visiting some of the district schools this week.

Spring work on the farms is progressing rapidly and much is being accomplished in a short time. Farmers are conspicuous in town these fine days by their absence.

Gardening is the favorite outdoor sport around town this week, yet the overall fad doesn't seem to have caught on here.

The Misses Emma Horton and Luella Dodge spent the week-end with friends in the Daysland district.

Considerable real estate is changing hands in this district. Among the latest deals is the purchase of the City View farm by O. Fitzmaurice from Messrs. Stevens and Stoeck.

Miss Guertin, who has held a position of stenographer in the Purvis law office left for her home at St. Paul de Metis Monday evening where she has accepted a similar position.

The gas well company that was

drilling on W. J. Collison's farm

north of town, have brought in a new rig and outfit and are going to drill for gas near the W. H. Currie place, 14 miles north.

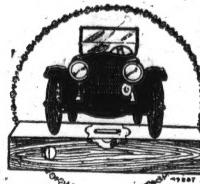

Minburn is holding a sports day on Friday, May 28th. We understand several local baseball players have signed up to play with Minburn in the new league formed on the C.N.R.

Mrs. Herrington arrived from North Battleford last Sunday and has taken the position of cook at the King Edward, which has brought joy to the hearts of the steady boarders and guests.

Nils Nilson, section foreman at Tropic has been transferred to Poe, and G. W. Philpott recently transferred to Poe, has been appointed to take charge of the section at Kin-sella.

Mr. Thornton, of Edmonton, has been appointed local supervisor of the new district under the Soldier Settlement Board from Bruce to Irma with headquarters at Viking. Mr. Thornton has been here the past week and is a guest at the King Edward.

Next Monday, May 24th, is a national holiday and will be celebrated as such throughout the dominion. Local stores, banks, businesses places and schools will be closed.

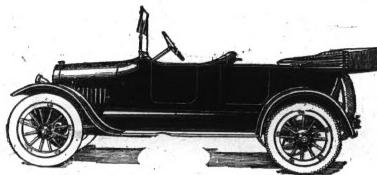

**A FARMER WRITES :**

If I did not have a Chevrolet car I would never think of operating the farm I have now unless it was next door to the city market, as the old horse and buggy wagon methods would not answer in these days when time means such an item in selling.

WHEN you buy a Chevrolet "Four Ninety" Touring Car you purchase a convenient and reliable means of economical transportation. For Chevrolets are built to render the greatest measure of utility.

Whether you want an automobile for family use, for business purposes or both, the Chevrolet will give you all that is most desirable in mechanical efficiency and motor car beauty, with the assurance of constant safety, comfort and dependability at a very low cost for upkeep.

Come in and inspect this model, and the famous valve-in-head motor with which it is equipped—the motor that has achieved such remarkable records for fuel economy.

Chevrolet "Four-Ninety" Touring Car \$895 f.o.b. Oshawa, Ontario.

**LIVE STOCK  
AT LARGE**

Considerable live stock is pasturing on public highways. On account of the feed shortage there will be more of it than usual this summer. But the farmer should ask himself if it is worth while to allow his stock to run at large. There is the greater risk of straying out of reach and the chance of loss on railway crossings. On the prairies last year on one railway alone there were well over one thousand animals killed, sixty per cent of which strayed on to the track from a public highway. One quarter of these were killed right at the public crossing. There is not only the loss of the cattle but the danger of wrecking a passenger train. The human lives cannot be paid for. In a similar way cattle and sheep on the roads are a great nuisance to automobile drivers of whom a great many are themselves farmers. Herd laws and bylaws restraining animals from running at large are being enacted in several municipalities of the district this year and to be of benefit to the country should be properly enforced.

**BEING A CHRISTIAN.**

There seems to be quite a few people still in the world who have not quite grasped the idea of what it is to be a Christian. And yet this was a matter about which Jesus spoke very often and very clearly explicity. Of course He looked at it from different points of view, but one of the central thoughts of all His teaching was that a Christian was one in whose heart there has been born a zeal and passion for establishment of the Kingdom of God in the earth, a zeal and passion that would help him forget himself in service, service that was not all prayer and worship by any means, but that directed itself specially to caring for the children, helping the unfortunate, the sick, the incapacitated, the erring, the unfit. To put it into its plainest terms Jesus taught that to serve God was to serve the highest interests of human life, to give ourselves up, as He did, to the tremendous task of making the world what, in God's thought, it ought to be.

According to statistics issued by the department of conservations during the past year, the Dominion's total dairy products were worth approximately \$250,000,000, and of this amount \$65,000,000 was received for export trade. In 1910 the total was less than \$100,000,000, and the export trade was \$24,000,000, an increase in nine years of over 150 percent. In all branches prices to the producer and consumer reached new records.

Tunkins says that this year's farm hands expect to make enough to come back next year as summer boarders.—Washington Star.

**Youth and Age**

THERE is no time in woman's life that she cannot benefit by the use of Dr. Chase's Nerve Food in order to keep up the supply of pure, rich blood and to ensure a healthful condition of the nervous system.

Headaches, neuralgia, sleeplessness, nervous spells, irritability, bad, worn-out feelings, soon disappear when the vigor and energy of the nerves are restored by the use of this great food cure.

50 cents a box, 8 for \$2.75, all dealers, or Edmundson, Bates & Co., Ltd., Toronto.

**Dr. Chase's Nerve Food****Canadians Praised by General Townshend****Eulogized the Canadian Corps As A Fighting Machine**

A high tribute to the gallantry of the Canadian Corps was paid by Major-General Sir Charles Townshend at a luncheon given in his honor, or by the Canadian Club in New York City. He eulogized the Canadian Corps as a fighting machine, and in the course of his address referred to the fact that one of his ancestors fought in Canada during the early troublous pioneer days there.

There was enthusiastic cheering as the "Hero of Kut" arose to speak. He gave a graphic account of the advance on Bagdad, the retreat in the face of the overwhelming Turkish force, and the subsequent prolonged and heroic defence of Kut, followed by the surrender to the Turks.

General Townshend paid a high tribute to the treatment accorded him by the Turks during the two years he was a prisoner in Constantinople, but he said that he nearly went mad at his enforced inactivity when all his heart was on the western front where he longed to be. Finally when at last he reached Paris and hoped to take a hand in military events, the armistice was on the point of being signed.

**LET "DANDERINE"**  
**SAVE YOUR HAIR**

Get rid of every bit of that ugly dandruff and stop falling hair

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub well into the scalp. This stops falling hair and dandruff usually goes and hair stops coming out. Every hair in your head soon shows new life, vigor, brightness, thickness and more color.

**Growth and Nationality Of Canada****Canada Has Grown in Nation Consciousness and in National Strength**

"Canada has achieved nationality though her citizens have never pitched a tent into the harbor," said Lieut.-Col. J. A. Cooper, Canadian Representative in New York, in an address to the City College at the public library there. After reviewing Canada's history and development in a general way, Col. Cooper concluded as follows: "Canada is now completing the 52nd year of her history as a Dominion. In 1867, the year of confederation, her area was 377,000 square miles while today it is 3,729,000, or ten times as great. In 1867 her population was 3,500,000, as compared to 9,000,000, which is the estimate today. In 1870 her total production of wheat was sixteen million bushels, as compared with 393,000,000 bushels in 1915, the banner wheat year to date. Her export forest products have grown from an average value of \$40,000,000 to an average of \$150,000,000."

"While these are the material results of Canada's first half century they do not tell the whole story. Canada has also grown in national consciousness and in national strength. Retaining her heritage of British institutions and British courage and British love of law and order she exhibits to the world today a natural stability and a national cohesion that is unsurpassed by any other people in the world."

"Canada has always laid stress on individual character as well as national integrity. Whenever Canadians have gone to settle or to trade they have spread the fame of a people whose love of honesty and truth is of the highest standard.

Finally, Canada feels that she is the natural link between the two great English-speaking peoples. One hand is stretched towards that England which is the mother of us all and the other towards this great republic which is the England of the new world. While not abating one jot of here independence in thought and action, or yielding one atom of her national pride and ambition, she looks upon these two older and greater nations with filial and fraternal affection. She hopes that in the great drama of the future she will with them play an honorable and glorious part."

Headaches, neuralgia, sleeplessness, nervous spells, irritability, bad, worn-out feelings, soon disappear when the vigor and energy of the nerves are restored by the use of this great food cure.

**Heavy Horses Are Again in Demand****Transport Companies Consider Horse For a Five-mile Haul Cheaper Than a Motor Dray**

J. L. Dougherty, representative of the Ontario Department of Agriculture in Kent County, in an interview points out that there is a good future to breeding of heavy horses, he says: "For a few years past prices for heavy horses has not been remunerative to the breeder, hence there has been a marked decrease in the number of good heavy horses to be had. This scarcity, coupled with the fact that transport companies have found out that the horse for a five mile haul and under is cheaper than the motor-dray is resulting in increased demand and good prices for first-class sound, heavy horses with good feed and plenty of bone of good quality.

"April 22nd's issue of the Breeders' Gazette, published in Chicago, contains the following information relative to the horse industry: 'The Consumers Co., of Chicago, gave an order ten weeks ago for two hundred and fifteen geldings weighing 1600 pounds and over for which they are willing to pay full market prices.' Notwithstanding the fact that since the time when the Consumers Co. placed their order weekly receipts at the Chicago Markets have run from 800 to 1,200 head; this company has purchased on 60 head. There are scores of other concerns in Chicago and in every city in America in a similar situation. They fully understand now the advantages that would accrue to them from the use of horses rather than trucks in the conduct of their carriage departments. The same issue contains the information that a pair of geldings came into the Chicago market last week which cost the buyer \$1,350. In the country, farmers would be well advised to resume the breeding of first-class heavy horses."

**Keep Minard's Liniment in the House****World's Greatest Crisis****Red Cross League Faced With A Gigantic Task in Europe**

Raymond B. Fosdick, formerly of Buffalo, and for a time acting as the undersecretary-general of the League of Nations, and who returned from Europe a few weeks ago, says in a communication to the New York Times:

"No one who has been abroad in recent months, in contact with the situation in countries like Poland, Austria, Hungary, Germany, Czechoslovakia and Jugoslavia, can escape the belief that Europe is plunging to a catastrophe, besides which political questions such as boundaries and indemnities are insignificant. So far from getting on their feet, these countries are sinking in a quagmire of non-production, starvation and disease, which only the united efforts of the rest of the world can keep from spreading."

It is Mr. Fosdick's conviction that "Europe faces a catastrophe of appalling proportions, measurable in anarchy and loss of life on a scale hitherto undreamed of." This accords in substance with the statements recently made by Henry P. Davidson, formerly chairman of the war council of the American Red Cross and now chairman of the general council of the Red Cross League, which embraces the Red Cross Societies of twenty-seven nations.

The general council of the Red Cross league declares that "any voluntary aid to become effective can only follow the provision of such essentials as food, clothing and transportation, which must be given if the people are to live and be restored to a condition of self-support, and the need of which is so vast that it cannot be given by voluntary organizations, but must be supplied by governments."

Being a "quitter" so far as co-operating with the League of Nations is concerned, the United States is a government is now facing the question of co-operating with the Red Cross league of the world in the rescue work of saving tens of millions of men, women and children from a death by famine and anarchy.—Buffalo Courier.

**Our Salubrious Climate**

That Hudson Bay ex-factor who at the age of 94 danced with his wife at Montreal's celebration of the 250th anniversary of the granting of the Hudson Bay charter is a great advertisement of the salubrious North, and also of the fibre of the "gentlemen-adventurers" who flew the company's flag at the remote posts of the Great Lone Land.

Mr. Saphedde—Do you, think men have descended from monkeys? Miss Caustique—Not very far.—Mâchéster Guardian.

**Rural Telephone Construction in Alberta****Seventy-five Hundred Miles of New Line Being Built this Year**

Tenders for the construction of 2,500 miles of rural and toll telephone lines in Alberta have been called for. This is the second telephone contract that will have been let this year, the first being for some 5,000 miles of long distance lines, the work on which is now about half completed. It is expected that tenders will also be called this summer for still further construction of rural telephone lines.

**8,000 Elk in Manitoba**

Manitoba's herd of elk is one of the two last left on the North American continent, and it is believed to number between 6,000 and 8,000.

**EARLY SYMPTOMS OF BLOODLESSNESS****Shown by Pallor of the Face and Lips****How to Obtain New Blood**

Anæmia, or lack of blood, is so gradual in its approach that it is often developed before the patient is sufficiently alarmed to consult a doctor or take proper treatment to restore the blood to the healthy condition.

The earliest symptom of anæmia is loss of color, especially in the lips, cheeks and mucous membranes of the body.

Then comes shortness of breath on slight exertion, such as going upstairs, palpitation of the heart, increased pallor of the face and lips.

This stage of the disease is not corrected it will proceed rapidly until a complete breakdown in health follows, when there may be disorders of the stomach, headaches and backaches are common, and faintness and dizziness are most effective and prompt ways to increase and enrich the blood at a time like this is through the fair use of Dr. Williams Pink Pills. These pills help to restore the blood and are aids of weak anæmic people, among them Miss Mae Johnston, of Port Arthur, Ont., who says: "Between the ages of sixteen and eighteen I worked in a telephone office, and it was very trying for me to stand on my feet all day. I became bloodless, and so pale that friends often said I looked consumptive. One night I had to be taken home for some reason, and the result was that they restored me to good health, and now when anyone tells me they feel weak or rundown I always recommend Dr. Williams Pink Pills. I feel so thankful for the help they give."

If you have any of the symptoms described by Miss Johnston try building up the blood with Dr. Williams Pink Pills. Eat nourishing food, exercise a little, and drink a glass of milk when the color returns to cheeks and lips. You can run no risk in giving Dr. Williams Pink Pills a trial as they cannot injure the most delicate system. You can get these pills at 50 cents a box or six boxes for \$2.50 from the Dr. Williams Medicine Co., Brooklyn, Ont.

If you have any of the symptoms described by Miss Johnston try building up the blood with Dr. Williams Pink Pills. Among the most curious modes of salvation is that of the Malays and other Polynesians, who greet each other by smelling. Two natives, on meeting after an absence of some time, seize hands, rub noses violently, and at the same time yell loudly, presumably from the pleasures of seeing one another.

The general council of the Red Cross league declares that "any voluntary aid to become effective can only follow the provision of such essentials as food, clothing and transportation, which must be given if the people are to live and be restored to a condition of self-support, and the need of which is so vast that it cannot be given by voluntary organizations, but must be supplied by governments."

General Merchant, Jarrow

We have a large stock of high grade

### Green Cut Willow

and

### Tamarac Posts

Why not haul your posts now before you get too busy

For housecleaning try our

### Decotint and Flatwall Paint

Years of service is what gives paint its value  
not price alone

### Imperial Lbr. Co. Ltd.

Jarrow, Alberta

### FREE AIR SERVICE

will be available at our garage in just a few days. This service is free to everyone and we hope you will avail yourself of it often, because the life of your tires is greatly increased by keeping them well inflated. A soft tire makes a tube "creep" which ruins the tube as well and will soon cause a leak.

Why not get that car of yours overhauled before the season is gone too far. You will be surprised the amount of extra power it will have.

We can repair any radiator

### Deverick & McDougall

Successors to Jarrow Auto Supply

ANNOUNCEMENT  
Have opened an office on corner of Main and 2nd Avenue and will conduct a general real estate business. I want the people of the Irma district to make this their office; come in and write your letters—a supply of stationery and table at your disposal.

LIST YOUR FARM the first time you are in town. I am revising my listing and during the months of May and June expect a number of enquiries for improved farms.

LOANS.  
FIRE and LIFE INSURANCE  
I solicit a share of your business.

COME IN!

J. W. WYATT, C. P. R. AGENT.

### JARROW

Seeding is well under the way and spring is apparently here.

The Alberta Pacific have disposed of four cars of seed oats and have two more cars coming in. The quality is extra good and is meeting with general satisfaction.

We do not hear any more about the cattle dying these days which is a relief. Pasture is excellent now and is improving all the time here.

Mr. Lennox is learning mysteries of a Ford car these days.

It looks as though some hay profiteers are going to have some that hay for sale next winter. We hope some of the men with twenty cent sheaves will not be able to keep them from rotting. They at least will not sell us snow and ice.

The UFA have a notice on their bulletin board to the effect that the annual sports will be on July 1st.

A very important event was staged at Kinsella on May 15th when Jarrow and Kinsella played a 4 inning baseball game. The score was 6-4 in favor of Kinsella. It was getting too dark to play and everybody had something to eat and then reported at Overbo hall for a two-step. A nice time was had. The next game will be played in Jarrow in the near future.

On Friday May 28 a barn dance will be held at Firkus'. Good music guaranteed. Everybody welcome.

The members of the Jarrow Ladies Aid are planning a bazaar for June 3rd. Receipts are to be applied on the parsonage debt. Any and all donation will be gratefully received.

**FOR SALE**—Yorkshire sow and litter Ready for delivery, May 20th. F.C. McGee. 12ufl.

#### Card of Thanks.

This is to show my thanks and appreciation of the many kind neighbors who assisted to put in my crop on my land. I cannot thank every one personally and I trust this will in some measure convey to all the helpers on that day, my very sincere thanks. Assuring you that this effort on my behalf, is greatly appreciated.

Yours respectfully,  
Mrs. Ruth Johnson.

#### FINAL SHIPMENTS OF HAY

The provincial department of agriculture announces that all the supplies of hay which was purchased in the eastern provinces, have now arrived or are on the way, and advice to farmers still in want of hay, is to secure it now. Final shipments are expected to reach Alberta within the next few days.

Prices on this hay are \$42 to \$46 per ton for No. 2 timothy, and with the improved conditions in supply the department will be able to fill orders immediately.

Alberta owns about forty million dollars worth of automobiles. Last year's records showed that one family in every three had a motor car. This decade has surely been the motor age. Perhaps the aerial age is fast approaching as seventeen aerial taxi companies are organized this year on the Canadian prairies.

**CERTIFICATES VALUABLE**

Jas. Stewart, chairman of the Canadian wheat board, announced a few days ago that the value of the participation certificates will not be less than 40 cents a bushel.

The official statement of the board reads as follows:

"The Canadian wheat board feels that some idea should be given as to the proper value of the participation certificates issued by the board. The wheat has not all been marketed by the farmers, and it is indeed difficult to estimate closely the quantity remaining in their hands to be marketed before the new crop. Other factors enter into the situation such as the values prevailing when and as the wheat is marketed, as well as the quantity required for domestic use before the new crop, a late harvest making a difference of several million bushels."

Notwithstanding this, the board estimates that oil should be able to pay at least 40 cents a bushel against the wheat represented by the participation certificates.

"At the conclusion of the present season, complete returns of the year's operations will be made known, and a final report as to the full value of the participation certificates will be issued."

### VARIETY, THE SPICE OF LIFE.

Is it not so that in this age we are constantly looking for new ideas, new thrills, new emotions? We crave a change from the time worn things and seek the new. Just so with the tourist who in many cases have worn smooth the paths they have travelled and seek new scenes. The Grand Trunk Pacific Railway and Steamships have something new to offer in their Pacific Coast tours. It is not only that they are new that fascinates but they have variety. The ever changing scene from the rugged mountains as you enter the Canadian Rockies at Jasper Park, to the magic wonder of Mount Robson, the Bulkley Canyon and the Skeena River scene in the valley lands with mountain scenery in the distance. Then the superb ocean voyage through the quiet waters of the "Inside Passage" of the North Pacific Coast, is a sure panacea for all who weary of the land and love the sea.

The 700 mile cruise from Prince Rupert to Seattle, calling at Vancouver and Victoria, on palatial steamships, is one not soon forgotten—never ending panorama of mountain scenery on either side. The side trips from Prince Rupert to Alaska Coast (Stewart, B.C.) and Observatory Inlet (Anyox, B.C.) have a charm of their own.

For particulars, enquire of any agent of the Grand Trunk Pacific Railway, or write to W. E. Duperow, General Passenger Agent, Winnipeg, Man.

According to an interesting report on Agriculture Instruction Act, the plan of centering agriculture extension work around the district representative has provided the most satisfactory method of reaching the farmer on the land with educational propaganda on scientific agriculture. To quote the report: "It is evident that the principle of making the representative office the local motive centre around which shall revolve all branches of the department's field activities in crops live stock, horticulture, and even women's work, will prove in most instances to be a sound policy and give excellent results. The adoption of this principle, and the more general extension of the movement, will be believed to give better returns for the expenditure than less concentrated policy is likely to yield. It would therefore appear desirable that, wherever possible, provinces should be encouraged to eliminate, in particular some of the minor lines of work for which Agriculture Instruction funds are at present appropriated, and employ these resources in establishing the representative system more generally.

The amount granted for the fiscal year 1918-19 by the Dominion Government to aid agricultural education in different provinces totals \$1,100,000. According to the present arrangement this amount available annually till 1923.
